Victor-Alexandru Strîmbeanu

JUNIOR DATA ANALYST

Romania | +40 731 367 914 | victor.str8@gmail.com | Portfolio | GitHub | LinkedIn

PROFILE

Junior Data Analyst with a Computer and Communications Engineering background and hands-on experience building a retail sales analysis workflow. Uses Excel, SQL, BigQuery and Looker Studio to validate data, analyse performance and communicate business-relevant findings.

SELECTED DATA PROJECT

Superstore Sales & Profitability Analysis Independent project

Analysed 9,994 retail records across sales, profit, quantity, products, regions and time using Excel, SQL/BigQuery and Looker Studio. Built an interactive dashboard and reported $2.297M in sales, $286.4K in profit and a 12.47% overall margin; identified Furniture as a category for deeper margin and cost review (2.49% margin).

EXPERIENCE

DevOps Intern | Luxoft Jul 2025 – Oct 2025

• Worked with Git and CI/CD workflows, GitHub Actions pipelines, and gained exposure to SAST/DAST security practices and cloud fundamentals.

IT Support Technician | Wolcar SRL Nov 2024 – Mar 2025

• Provided Windows and small-office network support; assisted with patching and security configurations, network diagnostics, traffic analysis, and incident documentation.

EDUCATION

Bachelor of Engineering – Computer and Communications Engineering 2022 – 2026

University of Craiova · Faculty of Automation, Computers and Electronics · Romania

Erasmus+ Exchange | University of Málaga, Spain Jan 2024 – Jul 2024

Erasmus+ Blended Intensive Programme | International Hellenic University, Greece Sep 2023 – Oct 2023

Internet of Things applications in underwater survey

SKILLS

Data & BI: Microsoft Excel (PivotTables, charts, data validation), SQL (foundational), Google BigQuery, Looker Studio, KPI reporting
Programming & databases: Python (foundational), MySQL, PostgreSQL, SQLite, C, C++, Java
Tools & technical foundation: Git, GitHub Actions, Docker, Linux, Bash, Wireshark, Burp Suite, networking fundamentals
Strengths: Problem-solving, analytical thinking, teamwork, communication, adaptability

CERTIFICATIONS & CONTINUOUS LEARNING

IBM – Python for Data Science & AI: Hands-On Development (2025)
Credential: View certificate

IBM – Introduction to Cloud Computing (2025)
Credential: View certificate

Google Cloud – Data Analyst Learning Path (Google Skills)
